

Development Education Student Committee

- Be a voice for global citizenship in your school community
- Take action in your school community
- Raise awareness of development issues amongst your fellow students and teachers
- Organise awareness raising events, facilitators, and guest speakers to come to your school
- Act as peer educators amongst your fellow students
- Create a development education space in your school e.g. a notice board you can update regularly

What is development education to you?

What development issues would you like to explore as a school community?

What does a 'development education' school look like to you?

What actions would you like to take as a Development Education Student Committee?

Action 1:

Action 2:

Action 3:

Peer Education, what does this mean?

How might you go about educating your peers on development issue?

Development Education Awareness Events...what might these look like? E.g a DE Day?

Creative ways to raise awareness

e.g fairtrade

If you wanted to raise more awareness of fairtrade in your school community and beyond, what could you do?

Examples

- Fair trade workshops in the classroom
- Fair trade tasting workshop
- Exhibition in school library
- Presentations about fair trade in assemblies

Can you think of more?
