## WORLDWISE GLOBAL SCHOOLS SELF-ASSESSMENT TOOL (SAT)

## TEACHER FORM

Name: School Name: \_\_\_\_\_ Date: Subject Area: DE Topic:

This activity is undertaken before and after you have completed the Development Education (DE) project/class/activity within your school. It aims to find out if there has been a change in your knowledge, skills, attitudes and actions as a result of participating.

Instructions: 1. Before the project: Think about what you know about the statements in each of the boxes below. Score your agreement with the statement on a scale between 0-5 (see below each box on how to rate).

2. After the project: Rate your agreement now on the same statements.

3. Total the marks in the 'before' and 'after' columns at the bottom.

| Before<br>Score | KNOWLEDGE   | After<br>Score |                     | Before<br>Score | ATTITUDES & VALUES  | After<br>Score |
|-----------------|---|----------------|---------------------|-----------------|---|----------------|
|                 | What Development Education (DE) is  | 00010          |                     |                 | I think integrating DE into school life is important  |                |
|                 | What Development Education (DE) is<br>Where to access information and supports on DE  |                | -                   |                 | I feel solidarity with people who are facing struggles in the world   |                |
|                 | Where DE can fit into various aspects of the school (extra curricular, policy etc)<br>How to support students learning around global inter-   |                | -                   |                 | I believe young people should be empowered to<br>become active citizens (Irish, European and Global) to<br>take action on local to global issues  |                |
|                 | dependence i.e. How people in the world are connected and reliant economically, environmentally, socially on each other   |                |                     |                 | I see diversity as positive as we learn different ways to see the world   |                |
|                 | How to support students to learn about justice and fairness<br>i.e. understanding that inequalities & injustice exist based on<br>structures, beliefs & behaviours  |                |                     |                 | I see the importance of taking a strong justice<br>approach to Development Education (as apposed to<br>fundraising)   |                |
|                 | CALCULATE TOTALS  |                |                     |                 | CALCULATE TOTALS  |                |
|                 |   |                | 🕅 Irish Aid         |                 |   |                |
|                 | something you <b>don't know anything about / never heard of</b><br>something you <b>know a great deal about</b>   |                | WorldWise<br>Global |                 | 0 = something <i>you</i> strongly disagree with<br>5 = something you strongly agree with  |                |
|                 | •••   | After<br>Score | WorldWise           |                 | 5 = something you strongly agree with ACTION  | After<br>Score |
